Ideation Phase | Brainstorm & Idea Prioritization Template

Date: 27 October 2026 | **Team ID:** SWUID2026403175 | **Project Name:** Agri-Tech (Smart Farming Management System) | **Maximum Marks:** 4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Team Members: Full-stack team (frontend, backend, database, testing) working collaboratively through GitHub and online meetings.
Selected Problem Statement: How might we give farmers an accessible, multilingual platform that combines weather forecasts, soil analysis, pest alerts, resource ordering and expert consultation to improve yield and reduce loss?

Step-2: Brainstorm, Idea Listing and Grouping

Farm & Crop Management	Weather & Alerts	Resources & Marketplace	Support & Community
• Farm profile setup • Crop monitoring dashboard • Soil health analysis reports • Activity logs for each crop	• Real-time weather forecast • Pest alert notifications • Charts and graphical reports • Seasonal crop advisories	• Buy seeds and fertilizers • Order tracking • Admin resource approval • Price comparison of resources	• Expert consultation • Community forums • Multilingual interface • Admin content moderation

Step-3: Idea Prioritization

Ideas are placed by their impact on farmers and the effort required to build them.

	Low Effort	High Effort
High Impact	**Do First** • User registration & JWT role-based login • Farm profile & crop management (CRUD) • Weather forecast & pest alerts • Multilingual, responsive UI	**Plan Next** • Soil health analysis & crop analytics • Resource purchase & order tracking • Expert consultation module
Low Impact	**Add If Time Permits** • Community forums • Interactive charts & graphical reports • Admin dashboard enhancements	**Defer** • Price comparison of resources • Advanced predictive analytics
